

Perth sun fair 28<sup>th</sup> March 2010

**Friends Of The Environment  
FOTE Inc Educating for sustainability**

FOTE was invited to attend for the first time the Perth sun fair this year and hopefully there would be many more in the years to come.

The day was interestingly informative and provided an excellent opportunity to network with like-minded people. The venue at the University of Western Australia over-looking the Swan River was an excellent choice.

It is with FOTE's sincere appreciation and thanks that which we would like to extend to the event organizers Leonie Wight & Jonathon Thwaites.

As well as acknowledging some FOTE partners that came down with us which included Conservation Volunteers (Steve Pearce), WA Naturalist club (Perth Urban bushland Fungi) Roz Hart & Jolanda and Renewable logic Ramon Gregory and team

Further more, we would like to extend our thanks to Gooseberry hill primary school and the various photos on offer of frog bogs, Solar boats, revegetation of nature reserves various school projects either under way or completed at school as well at the Perth airport and much more. For more details about Gooseberry Hill primary school please visit the school stories section on the FOTE site.

See attached link <http://fote.org.au/page/School-Stories.aspx>

We would also like to acknowledge the support offered by Patrick Bourke Principal of Gooseberry Hill Primary school as well as Alan Blackburn for his fine artistic talents.

**With thanks  
Steve Gibellini  
FOTE Founder**
